

Pushing the Limits of Change Suggested reading and Discussion Questions

When devastating developments force us into a corner, we have to choose. Will we give up or push back? If we expand our thinking - and imagine a new reality for ourselves - we might just find a way to thrive in that new space.

The Day the Tide Kept Rising

Greg Jefferys, Fiction. A thrilling tale filled with action, adventure, intrigue and a pleasant pinch of romance the book...follows the lives of four different people in their struggles to survive after a huge tsunami...sweeps across the Pacific. The tsunami leaves a trail of death and destruction after which the water levels of Earth's oceans begin to rise rapidly causing cataclysmic disaster...As cities and nations are flooded, the fabric of civilisation is torn as groups and individuals struggle for survival in a terrifying new world. – *amazon.com*

- There are many consequences to rising sea levels. What's one that came up in this novel that you hadn't considered before?
